Perfect way to mingle and pole with like minded people, in a space away from the daily routine allowing some real 'me' time. I cannot fault the organisation of it all, astounding!

@belle__rae

Dancer, poler and potato lover!

Pole dancing has introduced me to the BEST people! And has taken me on an epic journey which resulted in the creation of Fearless Pole in 2023!

I believe there is a Pole Dancer inside EVERYBODY just waiting to dance!

I love how Pole blends diverse elements and techniques from many different mediums. It's not just a sport; it's an empowering art form filled with inspiring individuals such as Judit who I am honoured to call my Pole Partner In Crime and the Pole Guru who inspired me to start teaching Pole nearly 10 years ago!

I am thrilled to partner with Superwoman Pole Dancing School and help organise this truly special pole retreat, bringing students and teachers together in a unique setting. I had the pleasure of teaching at Superwoman Pole Camp Ibiza in 2018 and 2019 and I look forward to teaching, dancing and creating lasting memories with you all.

See you there!

Judit

@superwomanpoledancingschool

As the founder of Superwoman Pole Dancing School, teaching pole dance is more than a job; it's a true passion. I find immense joy in empowering individuals and building their self-confidence through the art of pole dancing. An ongoing dream of mine became a reality in 2018 when I organised our first pole camp in Ibiza. Following successful Ibiza retreats in 2018 and 2019, I expanded the retreats to Budapest for a city break-style pole camp. The Superwoman pole camps in Ibiza and Budapest have been a huge success.

This year, we are bringing back our Pole Retreat in the beautiful Wiltshire countryside, just half an hour's drive from the world-famous Stonehenge!

Previous pole camps have been fully booked a month before the starting date, so make sure you book your slot in time as spaces are limited.

We take great care to maintain the quality of our retreats and to foster a friendly and supportive environment, intentionally limiting the number of participants to ensure you get the most out of your Pole Camp experience. Our pole camp is open to all levels. Whether you are just starting your pole journey or have been on this adventure for a while, participants will enjoy the diverse range of exercise styles we offer, as well as a unique holiday experience.

Having taught pole dance for over 13 years I really look forward to sharing my wealth of knowledge with you all!

Her skillset shines in contemporary flow choreography around the base of the pole, as well as in showcasing elegant split shapes at the top. Tasha is super excited to share her wealth of knowledge at the upcoming Superwoman X Fearless Retreat!

Victoria

@pole2soul

I've been refining pole athletes since 2018. My approach isn't about "trying" a move; it's about engineering the strength to own it.

**With advanced qualifications across Pole (Beginner to Advanced & Flow) and Pilates (Mat & Equipment), I bridge the gap between technical precision and raw power.
What I bring to your training:**

**The Foundation: I don't just show you a shape; I dismantle the posture and core mechanics required to hold it.
Gym-Style Pole: My specialty is high-tension, strong shapes and seamless transitions. No wasted energy, just deliberate force.**

**The "Why" Behind the "How": My students know me for breaking down the physics of a move. I give you the technical understanding so you can execute with total safety and predictable success.
I don't just teach you a trick for today—I build the physical structure you need for the rest of your career.**

Spaces are limited so make sure you book in time!
